BULK & BOTTLED OIL DROPS

GenCanna bulk and bottled oil drops are a proprietary blend of fully customizable ingredients, including natural and responsibly sourced carrier oils, cannabinoids, natural flavors, natural sweeteners and even custom terpene additions.

While oil drops remain an extraordinarily popular CBD form factor, there remains a lack of ingredient quality and consistency in the market. Because GenCanna tightly controls cannabinoid production and only sources the highest quality ingredients, you can count on us delivering best-in-class taste, clarity and cannabinoid profile in this popular format.

SPECIFICATIONS

APPEARANCE	CONSISTENCY	FLAVOR	ODOR
Clear, light-yellow or light-green, depending on formulation	Oily liquid	Formulation-dependent	Formulation-dependent

FRUIT CHEWS

Why compete in a crowded market with yet another “me-too” CBD gummy? Set your brand apart by offering GenCanna’s all-natural, plant-based, premium fruit chews. They combine high-quality CBD Isolate with natural flavors and colors and no artificial ingredients.

Making a product that meets these high standards — and tastes great too — can be a challenge. At GenCanna, we’ve mastered the process of masking CBD’s bitter flavor, incorporating our cannabinoid ingredients into a scrumptious, stable, natural fruit chew with great taste and texture.

While our standard white label offering is a great starting point, private label customization is available with differentiating factors that include custom molds, cannabinoid concentrations and profiles.

SPECIFICATIONS

OFFERINGS	CONSISTENCY	FLAVOR	ODOR
Individual flavors available in bulk or as white label offering in 30 ct bottle	Easy to chew gummy texture	Sweet taste, and flavor is dependent on formulation; All GenCanna flavors are all-natural derivatives	Sweet, flavor-dependent

SOFT GELS

GenCanna soft gels are another staple of any product lineup, being a popular way to ingest CBD. Soft gels are a blend of hemp-derived CBD, carried in responsibly sourced coconut-derived MCT oil and encapsulated in a gelatin or tapioca shell.

DRY CAPSULES

GenCanna dry capsules are a blend of hemp-derived CBD, formulated with a variety of essential vitamins and minerals that support specific structure-function label claims. Our own white label offerings include Sleep Support, Multivitamin, and Muscle and Joint Support. Private label customization that incorporates clinically-proven ingredients is also available for this product.
