

CBG ISOLATE

PURITY
99%+ CBG
<0.1% THC

CBG isolate has become much more accessible and affordable. And as a differentiating ingredient, it's an ideal addition to CBD isolate, full-spectrum and broad-spectrum formulas. Rapidly growing in popularity, now is the time to add CBG as a value-added companion cannabinoid into oil drops, fruit chews, gummies and topicals — to give your brand that competitive edge!

Minimum 99% purity. Ingredient specifications exceed international standards. Build your product lineup with confidence, knowing that you are purchasing the highest quality CBG isolate available anywhere, every time.

- ✓ United Kingdom: Novel Foods compliance in process
- ✓ European Union: Novel Foods compliance in process
- ✓ Produced in cGMP facilities
- ✓ Validated using trusted third-party accredited laboratories

APPLICATIONS

CBG isolate is an excellent active ingredient to be included in just about any product formula. CBG isolate is a great foundational ingredient for formulated goods, such as:

- Topicals and cosmetics
- Oils
- Vapes
- Fruit chews and gummies
- Pet treats
- Oil-soluble applications

For applications that require water-solubility, like beverages or shots, check out our liquid and powder water-soluble cannabinoids.

CBG alone, or in custom blends, can be transformed into a soluble liquid or powder format. Reach out to us for your solution!
